

Resettlement of Internally Displaced Muslim Families in the Northern Province of Sri Lanka in October 1990.

The Muslims of the Northern Province were forced to leave their homes by the LTTE in the third week of October 1990. The LTTE announced over loudspeakers through the street of Muslim areas in the Northern Province that the Muslims must leave their homes, leaving all their valuables or face death at the hands of the LTTE. The ultimatum in many places was 48 hours. But the Muslims of Jaffna were given only two hours. This unexpected order from the LTTE was a shock to the Muslims.

The Muslims pleaded with the LTTE to re-consider their decision to evict them from their homes in the Northern Province but it was flatly refused. Even though the local Tamil population sincerely opposed to the LTTE's decision, they could not change the mind of the LTTE. The government security forces stationed in the North were helpless and made no attempt to prevent the forcible expulsion of Muslims from the North.

Most of the Muslims of Mannar district fled by sea in small boats and arrived at Puttalam and Kalpitya coasts while others crossed the Vilpattu and Madu jungles walking several miles and arrived at Madwachiya, Horowupotana, Gambirigaswewa and other areas in the Anuradapura District. Muslims of Jaffna and Kilinochchi districts crossed a long stretch of no-man's land from Karativu to Thandikkulam and reached Vavuniya town.

At the LTTE leaders' international Media Conference on 10th April 2002, Dr. Anton Balasingham repeated his previous apology made at a public meeting on behalf of the LTTE for the forcibly expulsion of thousands of Muslims in October 1990 as a "political blunder that could not be justified". Mr. Balasingham said : "Let us forget and forgive the mistakes made in the past. Tamil Elam is also the homeland of the Muslims and we have to live in harmony and amity to promote peace and prosperity in the region". In the said media conference LTTE acknowledged that the problems of the Muslims have to be resolved along with the problems of the Tamils.

On an invitation from the LTTE, the leader of the SLMC Rauff Hackeem flew to the North with five of his party colleagues for a meeting on the 13th April, 2012.

Agreement was reached on important problems faced by the Muslims in the North. LTTE invited the displaced Muslims from Jaffna and Vanni to come and resettle in their own places.

Mr. M.I.M. Mohideen, who represented the Sri Lanka Muslims in the peace talks as an advisor on Muslim issues, had substantive discussion with the members of the LTTE team and came to a good understanding of the problems. The LTTE was prepared to seriously address the issues and requested that a register of Muslim claims be prepared. Mr. Mohideen prepared the register of Muslims Residential Houses, Mosques, Quran Madrasas destroyed and the properties appropriated by the LTTE Tamils.

The details of the displaced Muslim families were recorded by Mr. Mohideen. On an initiative by Dr. Kumar Rupasinhe, the project was funded by the USAID of America and CORDAID of Netherlands.

The following are required initially for the resettlement of the 11,110 Muslims families unlawfully displaced from the North in October 1990

1. Extract of Title Deeds of 3832 Muslim Families forcibly displaced from the Northern Province, from the respective District Land Registry.
2. Confirmation of the properties of displaced Muslim families by the respective Divisional Secretaries of Northern Province.
3. Allocation of Rs.10,000/- for each family for clearing and surveying the Title Deeds Properties.

International Support for the Resettlement of Internally Displaced Muslim Families in the North

The proposal submitted by the Sri Lankan Government to the Oslo Donors Conference on 25th November 2002, for Resettlement support did not mention the losses suffered by the Muslims. The proposal submitted by the Government of Sri Lanka gave the impression that it was only the Tamils have suffered as a result of the ethnic conflict in Sri Lanka.

India, United States, United Kingdom, Japan, Australia and many other countries have generously donated billion of rupees to Sri Lankan Government for the resettlement of the IDPs. On the eve of the defeat of LTTE, top political leaders from the West-British foreign Secretary, French Foreign Minister, UN Secretary General dispatched his deputy on September 16, 2009 to visit Sri Lanka IDPs and pressed the government to speed up their Resettlement activities. Furthermore, head of United Nations Refugee Agency promise further help for resettlement the IDPs.

However, all these human kindness dried up completely when it comes to the sufferings of the Muslims driven out at gunpoint by the LTTE, and have languishing in the refugee camps for nearly 25 years.

UN Guiding Principles for the Resettlement of Internally Displaced persons (IDPs)

The Guiding Principles on Internal Displacement were adopted by the Commission on Human Right and Economic and Social Council in 1998.

Choice of Residence

Principle 15: The IDPs have the right to return to the area they used to reside before the displacement. This right is crucial for the Muslim IDPs who have lost their homes and belongings.

Adequate standard of Living

Principle 18: The state is responsible to provide the IDPs with essential food, water shelter, clothing essential medical services and sanitation.

Resettlement of Internally Displaced People (IDPS) in Northern Province.

The people affected expect individual attention and specific solutions to suit different families. The agencies that deal with the issues of resettlement will be required to visit each family and or household to find out how best they can be assisted. This is a painstaking exercise but we have no choice in the matter of the objective is to ensure that people who lost their livelihoods regain their economic strength within a reasonable period of time.

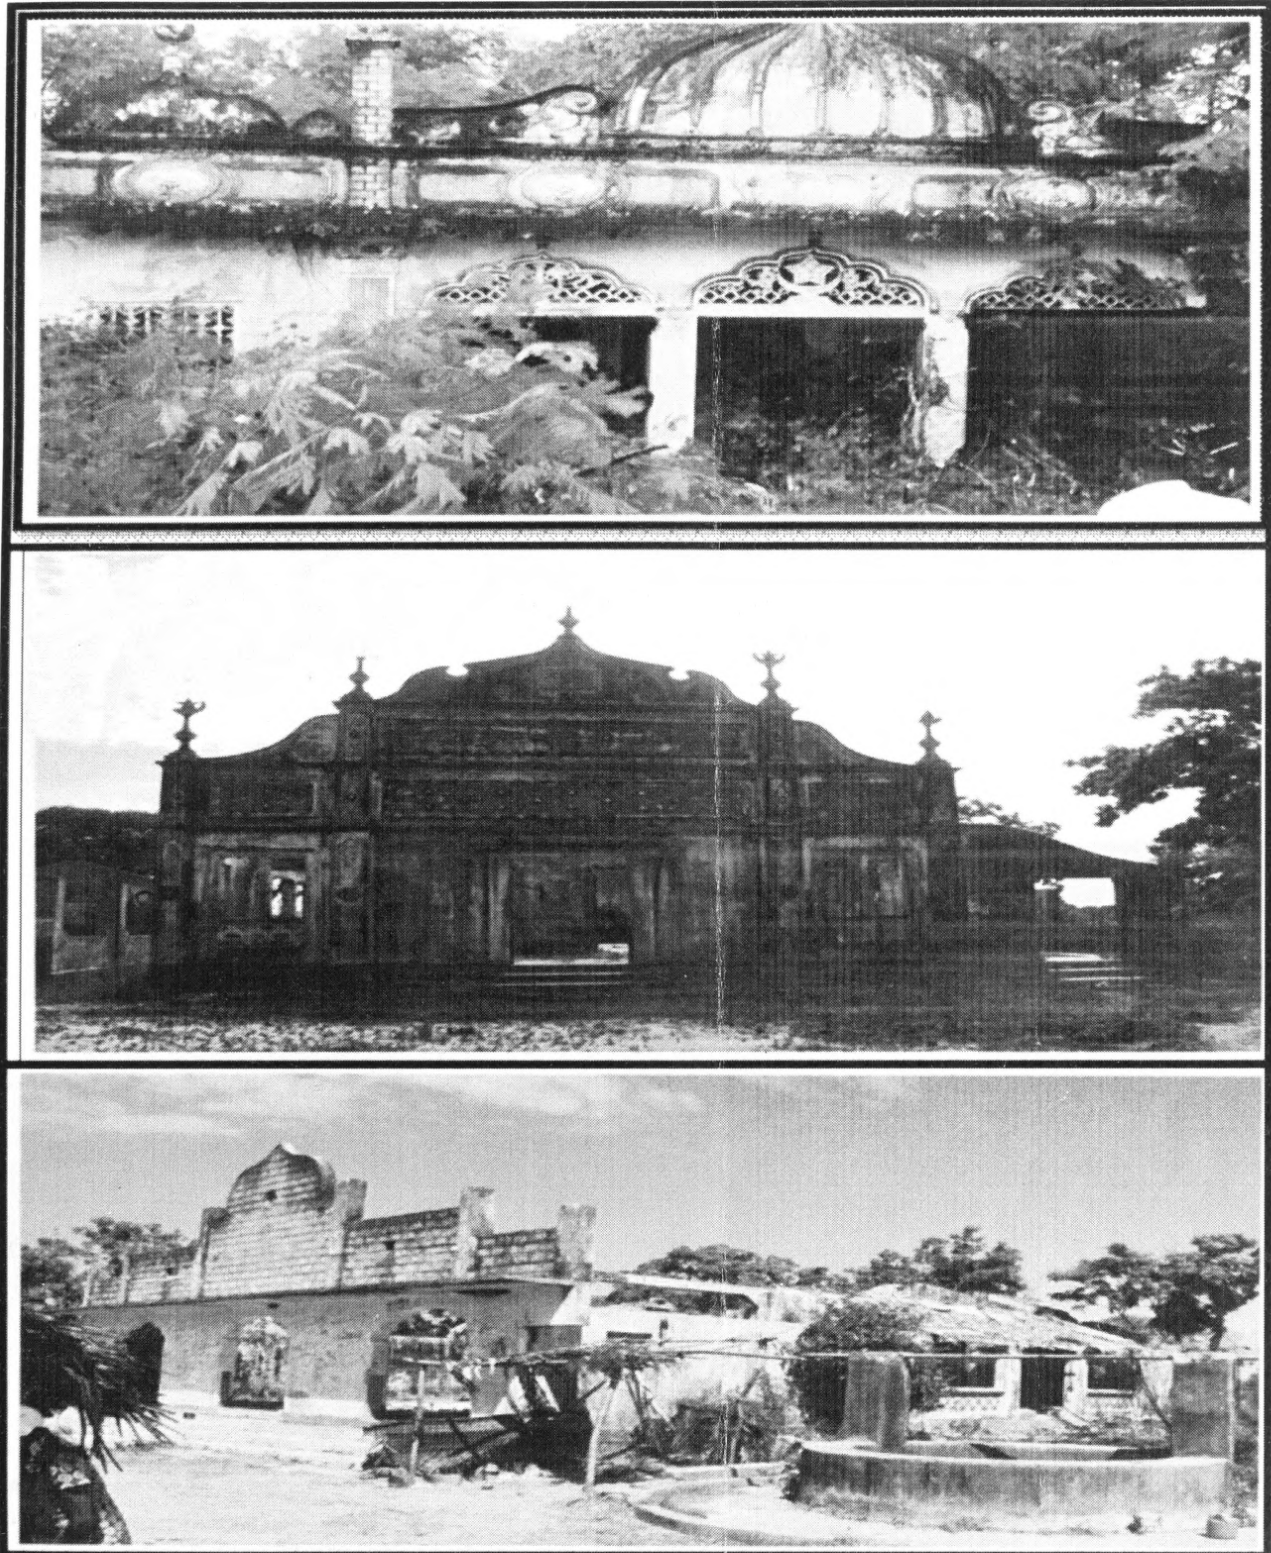

Resettlement

For planning the resettlement program, it is essential to have reliable and accurate information from the respective displaced families, It is a complex process that should be handled with care with the full participation of all stakeholders at the grass roots level. If this is not done properly, it can have adverse effects in the quality of life of the victims and pace in Sri Lanka.

Unless the displaced people have proper plans, estimates and a comprehensive work program, it is not possible to resettle the families forcibly displaced from Northern Province.

The activities under this program would be the establishment a Special Task Force and Regional Offices in Colombo, Puttalam, Mannar, and Jaffna. These project offices would engage professionally qualified and experienced Land Surveyors to carry out the investigations and prepare the detail plans and estimates for the work that have to be carried out with the approval of the respective Divisional Secretaries for the resettlement of internally displaced people from Northern Province.
